Spring No. 3 – Wednesday 3rd March 2021

This week we have continued to prepare for the full reopening of the school on 8th March. A letter was sent out on Monday via Parentmail with all the details about the school day as well as some information from County. We would encourage you to read the letter as there are some changes from September arrangements.

If you remember in the Autumn term each class created a collage on the theme of ‘sunshine and positivity’. The results were truly beautiful and we have photographed each one and had them printed on fabric to create one large wall hanging. We hope to have it up in the large hall soon for everyone to enjoy when circumstances allow.

As you can see from the photographs above the school grounds are coming alive with flowers just in time to welcome everyone back next week – until then have a good week everyone.
