Spring No. 4 – Wednesday 10th March 2021

It has been wonderful to welcome all the children back to school this week. Everyone has enjoyed catching up again and we have all embraced the opportunity of getting back into a routine. Over the next three weeks the children will have lots of time to talk, to reconnect with one another and share what they have been doing during lockdown. Next week we will be having a whole school assembly for science week, and there will be opportunities for children to participate in science related activities in the classroom. With the new arrangements at the start and end of the day we would very much appreciate your patience when waiting for your children at the end of the day. We will send out one year group at a time, so it maybe that you need to wait at a socially distanced space until your child's year group's turn. We will review these arrangements at the end of next week.

Did you borrow a laptop or iPad?

Just a reminder to all those families who were loaned ICT equipment during Lockdown that it should now be returned to school. The office staff will check over the equipment for damage and sign it back into school on your behalf. Now the children are back in school these computers are needed class, so **prompt return** would be appreciated.
