Fifty things to do before you're five – new app – download now

This is a new joint project between the Fenland and East Cambridgeshire Opportunity Area, Cambridgeshire County Council Early Years' Service and Peterborough City Council Early Years' Service.

Fifty things to do before you're five provides a framework of low cost or no cost activities for families that are designed to be universally accessible, play-based, and fun, giving parents confidence to try something they may not otherwise have seen the value in doing with their child, for example, walking to the park and having a serve and return conversation with their child as they make something out of sticks.

It can be accessed primarily through an app that is free to download. The app was developed to provide a format that is accessible to everyone in the local community to use activity-based learning to drive speech and language development in children under age 5.

The app is available **now** from the App store on a smart device, or via the web page

<https://cambspboro.50thingstodo.org/app/os>.
