Summer Term 6 – Wednesday 4th June 2025

Welcome back and I hope you all had a relaxing half term break. We are looking forward to a busy time together with sports day, the summer fair, concerts and plays and much more.

This week staff will be attending resus training ahead of the start of swimming lessons next week. The pool is ready, and we will be able to enjoy again all of the updates that the PTA kindly put in place to make it an even better environment for the children to swim in.

We only have one half term left of the school year and would be very pleased to end the school year with children coming to school dressed in school uniform. Once again, the link to the school uniform page is here https://mayfieldcambridge.org/?page_id=1056 for your ease of access.

Smartphone Free Childhood

A number of local Year 6 parents connected through Smartphone Free Childhood (a movement to delay smartphone ownership and social media for children) have expressed an interest in connecting with other Year 6 parents and carers with children going into Year 7 in local secondaries in September to discuss smartphones, social media and safeguarding. If any Year 6 parent would like to connect with other parents/carers on this issue please email SFC.cambridgeshire@gmail.com for more information about a WhatsApp chat that has been created to discuss this topic.

Mrs Redman and Mrs Le Moal Birthday Fundraiser

To celebrate turning 50 this year Mrs Redman and former Mayfield teacher Mrs Le Moal are taking on an exciting challenge on 12th July. To raise funds for Action Medical Research, a charity that funds life-changing research into illnesses affecting children and treatments, they will be cycling, hiking and kayaking at Cheddar in Somerset in 'Race the Sun'. Training is going well despite the lack of hills around home! Any donations would be hugely appreciated to help them reach their ambitious target!

IS Donation Requests

IS class would like to make a request for any unwanted Beano comics that you may have, so we can start our 'Comic Book Club'. We also would really appreciate any puzzles, appropriate for 5–7-year-olds, including board games suitable for our 'Math Challenges' sessions. Thank you for thinking about us/donating any of these to us!
Mrs Babouris.
